Chancellor's
Greetings

CHANCELLOR'S GREETINGS

MY GREETINGS TO YOU!

Sunway University is recognised for producing individuals equipped with both academic credentials and a sound understanding of the world around them. Our major objective is to mould individuals who will contribute to global progress in every field.

With our broad range of programmes specifically designed for students, we are dedicated to becoming a world-class university with superior tutorship and up-to-date facilities in a campus environment. This is complemented by our pioneering efforts of three decades in partnering with eminent international universities. In recent years, we have established collaborations with Harvard University, Brasenose College of the University of Oxford, and Gonville & Caius College of the University of Cambridge in creating intellectually invigorating and lifelong learning platforms for the community. Our most recent initiatives are the setting up of the Jeffrey Sachs Center on Sustainable Development and the Center for Asia Leadership at Sunway University, which will be an integral part of nurturing our youths on the path to a productive, fulfilling and meaningful life.

This unwavering focus on quality and applicable knowledge has been rewarded by the excellent academic results achieved by our students, demonstrated by their employability. I am pleased to share with you that Sunway University has been ranked Asia's No.1 in graduate employability in the Student Barometer Survey Entry Wave 2014 and 2015 undertaken by i-Graduate.

I would like to warmly welcome you to our community and I sincerely hope that you will have a wonderful experience with us!

Tan Sri Dr. Jeffrey Cheah, AO
Chancellor

Our major objective is to mould individuals who will contribute to global progress in every field.

All of us at Sunway University are proud of our achievements to date and are confident that we can offer our students an excellent education and a highly enjoyable experience.

VICE-CHANCELLOR'S INTRODUCTION

I am proud to introduce our latest prospectus to you and to take this opportunity to tell you why Sunway University should be your preferred university in Malaysia. There are many features of this institution that make us really stand out from the crowd.

Firstly, Sunway University has been rated "five star" by the leading international university rating organisation QS for our teaching, employability and facilities. These are the aspects that are of most importance to students wishing to enter a university. These ratings are the same as those of many globally outstanding universities.

Secondly, we are located in the unique setting of Sunway City, with a whole host of exciting local amenities including the Sunway Lagoon Theme Park, which is right behind our campus, as well as the Sunway Pyramid Mall with a wide range of recreational facilities. Our campus also boasts excellent social and sporting facilities including the state of the art "SunGym".

Thirdly, we are a not-for-profit university, owned and governed by the charitable Jeffrey Cheah Foundation. We exist for the good of society.

Fourthly, we have established links with a number of top global universities. In many subject areas your studies with us can give you two certificates, one from Sunway University and one from Lancaster University. Lancaster University is one of Britain's best research and teaching universities. Its growing reputation is reflected by consistent high rankings in each of the UK's major university league tables. The University is currently ranked 8th by the Guardian and 9th by the Complete University Guide.

Last but not least, all of us at Sunway University are proud of our achievements to date and are confident that we can offer our students an excellent education and a highly enjoyable experience. I hope you will decide to choose Sunway University and come to experience what we have to offer in whichever field is of interest to you. It will be our pleasure to welcome you and to help you achieve your personal aspirations.

Professor Graeme Wilkinson
DPhil (Oxford), FBCS, FRSA
Vice-Chancellor

CHOOSING SUNWAY UNIVERSITY – THE KEY FACTS

Sunway University has achieved more than the required benchmark, having been endorsed by means of stringent rating systems. Recognition and collaboration as a partner with world-leading universities adds to the respect shown for our top degree programmes.

SUNWAY CITY

Study and live in a safe university town where user-friendly pedestrian walkways are thoughtfully connected to budget eateries, shopping and sports facilities, medical and financial services; as well as public transportation to Kuala Lumpur city.

TOP QUALITY PROGRAMMES

The courses at Sunway University adhere to the most stringent regulations. Our qualifications are recognised throughout the world, collaborating with top ranking international universities adds to the respect shown to our degree programmes.

INDUSTRY-READY GRADUATES

To give students an edge, all programmes come with an internship component that helps open doors for Sunway graduates to successfully bridge the gap from university to industry.

OVER 90 COUNTRIES WORLDWIDE

Being part of a global community from over 90 countries, you will find studying at Sunway University an eye-opening experience! Where you can explore new and interesting cultures, while merging in a union of learning and exchange of new ideas.

PRESTIGIOUS INTERNATIONAL PARTNERSHIPS

Gonville & Caius

HALLMARK OF EXCELLENCE

Sunway University’s programmes have attained accreditation and are compliant with Malaysia’s regulatory and quality systems. All our courses are registered and adhere to high government and compliance standards. We have also been rated Tier 5 “excellent” three times in a row by the government’s quality assessment system “SETARA”.

Sunway University has placed itself on par with world-class standards by achieving the highest distinction of Five Stars in the 2015 QS Stars University Ratings for:

- Teaching • Employability • Facilities

These ratings, which are valid for three years (2015 - 2018), solidify our commitment to excellence; affirming our core strengths of top quality academic staff; distinction in teaching and research; employability through grooming highly-skilled graduates; as well as facilities and infrastructure that are conducive for learning within an outstanding campus environment.

#1 in Asia for Overall Learning Experience

#1 in Asia for Employability

CONNECTIVITY & CONVERGENCE

SUNWAY UNIVERSITY IS STRATEGICALLY LOCATED IN THE MODERN, WELL-PLANNED TOWNSHIP OF SUNWAY CITY.
A township comprising world-class retail, hospitality, leisure, healthcare, commercial and living components, students are able to immerse themselves in the expansive diversity of amenities and cultures.

Sunway City has been designed with excellent facilities such as theme parks, shopping malls, cinemas, restaurants, medical centres and banks. Conveniently linked to public transportation, it only takes 28 minutes by KLIA Express Train from Sentral Station to Kuala Lumpur International Airport. The Bus Rapid Transit System (BRT), the 1st of its kind in Malaysia, which is connected to the train and light rail transit networks, enables intercity travels to be undertaken with ease.

The safety of our students is our utmost responsibility, as we understand the importance of a secure comfortable, affordable and conveniently located accommodation that is suitable for both study priorities and everyday life. Sunway University offers various on-campus accommodations that are complete with 24-hour security comprising Sunway’s own auxiliary police and trained security guards.

ENRICHING LIVES THROUGH EDUCATION

The Jeffrey Cheah Foundation is a unique first-of-its-kind structure in Malaysia within the field of private higher education, modelled along the lines of some of the oldest and most eminent universities in the world.

Governed by a distinguished Board of Trustees, the Foundation aims to safeguard Sunway University in perpetuity by ensuring that the assets and operating surpluses are used to continue the cause of providing and sustaining quality education for present and future generations of students.

Guided by its Founding Principles – Giving to Society, Quality Education, and A Vision in Perpetuity, the Foundation believes in providing and sustaining quality education for the present and future generation of students. The Foundation has awarded more than RM270 million in scholarships to date.

The Jeffrey Cheah Foundation was officially launched on 18 March 2010 by the Prime Minister of Malaysia, YAB Dato’ Sri Haji Mohammad Najib bin Tun Haji Abdul Razak, in the presence of its Royal Patron, H.R.H. Sultan Sharafuddin Idris Shah Alhaj ibni Almarhum Sultan Salahuddin Abdul Aziz Shah, The Sultan of Selangor.

Lancaster
@ Sunway

LANCASTER @ SUNWAY

AN EDUCATIONAL PARTNERSHIP FOR WORLD-CLASS DEGREES

Sunway University has a very strong strategic partnership with Lancaster University in the UK, which means that many of our degree programmes lead to dual awards with certificates awarded by both universities. Lancaster University was established in the UK by Royal Charter in 1964, and enjoys a world-class reputation for its excellence in teaching, scholarship and research.

Lancaster is ranked consistently among the highest quality institutions in the UK featuring in the top 10 in all of the major UK league tables. It is also ranked in the top 1% of universities globally. It is a member of the prestigious N8 Group, which consists of the eight most research-intensive universities in northern England.

Collaboration with an international partner of this prestige is a very special feature of Sunway. For graduates to obtain both a Sunway certificate and a certificate from a top quality British institution is a very unique advantage of studying at Sunway University.

LANCASTER VALIDATION – How It Works

Under the strategic partnership between the two universities, Lancaster validates most of Sunway's degrees. This means that Lancaster regards such degrees offered at Sunway as equivalent to its own and issues its own degrees as well to successful graduates. Having successfully completed the programme at Sunway and met the agreed criteria, graduates will therefore receive a certificate from Sunway University and a certificate from Lancaster University.

Le Cordon Bleu
@ Sunway

LE CORDON BLEU @ SUNWAY

INTERNATIONAL EXCELLENCE IN HOSPITALITY EDUCATION

Le Cordon Bleu is one of the most highly respected organisations in the world devoted to the culinary arts and hospitality education. Founded in Paris 120 years ago, it has a prestigious history and is renowned as arguably the most distinguished culinary arts school in the world. It is an organisation, which stands for expertise, innovation, tradition and refinement in the culinary arts and for world-class excellence in hospitality education.

CERTIFICATION BY LE CORDON BLEU

Sunway's partnership with Le Cordon Bleu means that programmes in the fields of the culinary arts and hospitality management are certified as meeting the very highest standards, as laid down by Le Cordon Bleu.

In practice, this means that graduates from certified programmes receive a degree or diploma award from Sunway University together with a parchment from Le Cordon Bleu confirming that the graduate has completed a programme certified by Le Cordon Bleu as meeting its standards.

Graduates therefore receive both academic recognition and industry recognition in the certificates that they receive. This very special arrangement gives Sunway graduates the edge in the highly competitive international hospitality industry. This is another example of Sunway's excellence.

Sunway
Campus
Library

SUNWAY CAMPUS LIBRARY

The ISO 9001:2008 certified Library is one of the largest libraries for private educational institutions in Malaysia. Equipped with the latest library technology, Sunway Campus Library is linked worldwide, providing easy access to international e-databases and thousands of e-journals.

Its spacious 72,000 square feet of floor space provides a variety of learning spaces including individual and collaborative learning, Viewing Zone, Group Project Pods, Training Rooms, Instructional Lab, Drink and Phone Area, and IT facilities. Users may study in the Extended Hour Study Area until 2.00 am every day.

Our library is ever growing with a huge variety of books, e-journals, online e-databases, audiovisual and other collections to support the teaching, learning and research efforts of the academic community at Sunway University.

Quick Facts

- State-of-the-art library, with latest technology, including RFID and the SirsiDynix integrated library system
- A Discovery Service (SearchAll) to search across the catalogue, library e-resources and Internet resources at one go
- Excellent collection comprising over 141,000 books, 121 e-databases, 58,000 e-journals, 140,000 e-books, and 11,000 audiovisual materials
- Over 1,200 seats
- Wi-Fi access, plus 115 wired computers
- Research support for staff and students, including information skills workshops, Help Desk and orientation sessions
- Assistance in academic writing through the Academic Language Learning Service
- Online access to the Library's e-resources using PCs and mobile devices from anywhere
- Over RM2 million spent for library materials annually
- 38 library staff, with 20 professional librarians
- Reciprocal borrowing privileges and access to books and e-resources from Monash University Malaysia Library and Learning Commons
- Access to e-resources from Lancaster University for students following programmes validated by Lancaster University

Student Community

Diverse
International
Student Community

DIVERSE INTERNATIONAL STUDENT COMMUNITY

Beyond the commitment to studies and on-campus activities, Sunway University is constantly abuzz with social activities and vibrancy! Students from over 90 countries — live, learn and play together — merging in a cultural potpourri of ideas and friendship.

Students coming from almost every part of the world are drawn to study at Sunway because of our high quality programmes, our excellent academic partnerships and our outstanding and safe resort location. The campus is purpose-built with state-of-the-art facilities, making it conducive to study, research and work.

Friendly and helpful staff as well as numerous clubs and societies help to cater to the physical, intellectual and emotional aspects of students, all coming together to make their student experience enjoyable and memorable.

INDUSTRY-READY GRADUATES

Over 500 multinational and leading local organisations employ Sunway graduates and interns.

To help graduates transit successfully into the workforce, Sunway University combines a well-rounded academic experience and learning, both inside and outside the classroom, with the goal of using these experiences to prepare graduates for a career.

Also, through Sunway Career Services – our career support services team – students receive comprehensive guidance on how to develop a clear career pathway towards future prospects as they complete their degree.

Sunway Career Services offers complete career support through updated resources and year round activities so our students can move forward with confidence. Students are welcome to drop in anytime for a chat with our career specialists.

CLUBS & SOCIETIES

There is an enormous range of clubs and societies for students to tap into their full potential via leadership opportunities, creative thinking projects and community services while having a great time exploring different trends and interests. The more articulate and confident students become socially, the more prepared they are when it's time to head into the corporate world.

SPORTS & RECREATION

There are plenty of sporting opportunities for students to keep healthy and expand their social circle. With a diverse range of sports and recreation programmes, the clubs deliver fun, friendship, fitness and university spirit – all important facets of the Sunway Student Experience.

ENSEMBLE & CHOIR

The Sunway University Ensemble was founded in 2008 by a small group of students and now has many members showcasing the talents of string players, woodwind players, pianists, and percussionists. By joining the Ensemble, students will have the opportunity to perform and be exposed to professional orchestras such as the Malaysian Philharmonic Youth Orchestra, Camerata Musicales Kuala Lumpur, Selangor Philharmonic Orchestra, and many more.

The Sunway University Choir was established by a group of passionate singers in 2010 and has since expanded to over 50 active members. The choir aims to provide a platform for singers and choral enthusiasts to practise, improve and perform. It has performed for events such as recruitment week, Sunway University's graduation ceremonies and Sunway Group's 25th Anniversary celebration.

GET ACTIVE!

We also believe in rewarding those who excel in sports and music through scholarships. Refer to section on Scholarships and Financial Aid.

Two Sunway Cheerleading teams competed in the Star R.AGE Cheers 2016, Malaysia's biggest cheerleading competition on 27th August 2016 at the Tropicana City Mall. Our Sunway Cheerleading Senior team emerged as Champion of the University Coed Elite category, while the Junior team won 2nd Runner up prize in the same category.

Lee Siok Ping, Director of Student Services Department presented the incentives award to our table tennis Team Sunway who have achieved excellent results in Sukan IPT 2016.

Chan Jie of Sunway was awarded the 'Sportsman of SUKIPT 2016' prize after winning 4 Individual Gold medals and 3 Relay Bronze medals. Chan Jie also broke 3 games records in the 50m Butterfly, 50m Freestyle and 100m Freestyle events.

Degree > Master

Graduates of the BSc (Hons) Business Management can choose to enter the workforce after completion of the degree or undertake further postgraduate studies at Sunway.

BSc (Hons) Business Studies

ABOUT THE PROGRAMME

This programme is a general business degree catered for those who wish to join the business profession with a particular emphasis on understanding customers and their preferences. Using real and simulated business scenarios, you will be exposed to the challenges and decision-making situations faced by businesses. You will also be equipped with strong theoretical knowledge, analytical and critical thinking skills to respond to the demands of a global economy.

Through this programme, you will explore the practical, analytical and strategic planning skills required to create value for both businesses and the customer. This programme also incorporates an internship experience to prepare you for real life work experiences.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Marketing

ABOUT THE PROGRAMME

This specialised degree is a dynamic programme encompassing the multifaceted components of marketing. Central to the programme design is a focus on understanding consumer behaviour as a driver of product design, distribution, communication, and pricing strategy. Through the study of specialised marketing fields such as branding, services, relationship and digital marketing, students will learn how to create value for both the firm and their customers.

Our unique course delivery techniques combine active classroom learning with talks from Marketing Managers from the industry, a simulated business challenge, and industry field trips. These will equip you with industry insights, critical and analytical skills and the decision-making capabilities to solve real-world marketing issues. With the emphasis on innovation and creativity, this programme grooms marketing champions who have the potential to excel in the industry.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Financial Analysis

ABOUT THE PROGRAMME

This degree has been designed to meet the increasing demand for quality skills and expertise in the financial services industry. Focussing on the quantitative aspects of finance, students will study equity, fixed-income and derivatives markets and will learn to apply mathematical and statistical knowledge to the fields of investment, risk management and the financial services industry in general.

This solid foundation allows students to either venture directly into a career in finance and investment or to pursue further studies/research in quantitative finance. Through this programme, students are prepared for the quantitative aspects of all three levels of the Chartered Financial Analysis (CFA) professional examinations. A CFA charter is the most recognised professional qualification in finance in the world and you will be primed towards achieving this prestigious credential.

PROGRAMME STRUCTURE - Indicative Subjects

Degree > Master

Graduates of the BSc (Hons) Financial Analysis can choose to enter the workforce after completion of the degree or undertake further postgraduate studies at Sunway.

BSc (Hons) Financial Economics

ABOUT THE PROGRAMME

This programme focuses on providing you with an additional option to combine studies in the areas of financial mathematics and statistics with economics for a wider range of careers both within and outside the financial services industry. Students have more flexibility to move into diverse fields such as financial planning, macroeconomic and financial forecasting, trading, financial and economic research, risk and asset management, banking and finance.

To remain competitive in an increasingly complex financial ecosystem, this programme also incorporates the Certified Financial Planner (CFP), Registered Financial Planner (RFP) and Securities Commission Licensing Examination modules to prepare students for these certifications. Graduates will acquire highly sought-after skills to make insightful financial judgments without losing sight of the larger global economy.

Master of Business Administration

ABOUT THE PROGRAMME

Validated by

The MBA dual award programme is tailored for aspiring managers with the ambition to become strategic leaders within an increasingly complex organisational and business environment. If you decide to join this premier MBA programme, you will be acquiring not only a thorough knowledge of the latest management theories and tools, but will also be working on yourself – honing and building a set of skills you can use wherever you may find yourself. You will explore the leader within, emerging as a change agent within both the business world and beyond.

Global Recognition – This premier programme is offered in collaboration with Lancaster University Management School. Lancaster is ranked in the top 1% of universities globally and has been delivering MBA programmes for many years. The Lancaster MBA programmes are triple accredited and globally recognised. Indeed, the Lancaster MBA is amongst an exclusive group of UK based MBAs to remain in the Financial Times for over a decade.

Global Delivery – This programme is delivered in the purpose-built Graduate Centre utilising our unique Mindful Manager approach, designed to develop your cognitive and collaborative skills and your judgement and decision-making ability. Students have the flexibility of gaining credits by taking selected modules at other locations where Lancaster delivers an equivalent MBA programme.

Global Faculty – The faculty involved in designing and delivering this programme are amongst the best management consultants, educators and research scholars in the world. Locally based global faculty complement a large contingent of UK based educators delivering the MBA dual award programme. The outstanding faculty support, coupled with the unique learning process delivers a very high completion rate among our students.

Graduates of the MBA will receive dual awards; one MBA certificate from Sunway University and one MBA certificate from Lancaster University.

PROGRAMME STRUCTURE

Students need to complete all Level 1 modules before proceeding to Level 2. There are no other prerequisites, therefore delivering a high degree of flexibility.

Doctor of Philosophy (Business)

ABOUT THE PROGRAMME

A Doctor of Philosophy (PhD) is the highest level of academic qualification one can achieve. This programme sets students apart and provides the opportunity to develop an exhaustive understanding of business at the leading edge of their selected discipline.

The university has a dedicated team of academicians to mentor you within your research journey. The topic of your PhD is for you to decide, so you can be sure that you will be committing yourself to something that you are passionate about. You may even pursue a topic or an issue in which you are currently undertaking research within your work place, in which case your PhD can also be of direct relevance to your current employment.

Our PhD in Business provides you with opportunities to undertake extensive investigation within your chosen business field and you are encouraged to develop new ideas or employ well thought-out methodologies to produce noteworthy theoretical and practical contributions. You will utilise the best-suited research design to explore and/or test informed ideas. The outcome of your research extends the frontiers of knowledge and you will disseminate the scholarly findings to peers and practitioners, through academic and professional networks, conferences/seminars and even publications.

You will be a part of an elite group of respected scholars, who actively promote scientific, technological, social and cultural progress whilst also shaping business, legal and societal boundaries. By the end of their study, PhD graduates develop expertise in their chosen field and are well-equipped with the necessary knowledge, skills and personal attributes to carry out independent research.

PROGRAMME STRUCTURE

Students pursuing the PhD (Business) programme shall undertake a systematic study on a particular research topic in-depth and your findings shall be submitted in the form of a thesis. The thesis must be defended in an oral examination, called a viva voce. In addition to the thesis component, students will be required to take one (1) audit subject, namely Research Methodology, to enhance their knowledge in research. Although the audit subject is not graded, students are expected to complete the module and benefit from the knowledge of experienced researchers. Candidates are also required to participate in academic activities, such as workshops, seminars, conferences and talks in various fields of study to enhance their mastery of knowledge.

Areas of Research

The Faculty has a dedicated team of academicians who will mentor and discuss possible research topics with you in the following areas of research interest(s), but not limited to:

- Finance
 - Economics
 - Organisational Behaviour
 - Technology Management
 - Strategic Management
 - Consumer Behaviour
 - Marketing Management
 - Corporate Governance
- Services Marketing
 - Green Supply Chain Management
 - Human Resource Management
 - Industrial Relations
 - International Trade

Intakes:
January, March, June & August

Duration:
3 Years (full-time)
4 Years (part-time)

Career Prospects:
Doctoral graduates are highly trained specialists in their fields. They may enter careers in academia, research or consulting as well as undertake specialist roles, for example as analysts in investment banking.

Diploma in Information Technology

ABOUT THE PROGRAMME

You will be able to design, develop and manage practical industry relevant IT solutions. In addition to learning the technical skills required by IT professionals, through our industry-linked internship programme, you will also develop the relevant knowledge and skills.

The programme provides a firm grounding in the different aspects of IT that will prepare you for employment or further studies. The graduates of this programme can opt to continue their Bachelor's degree in Information Technology, Computer Science and Information Systems, Information Systems (Business Analytics) and Information Technology (Computer Networking and Security) at Sunway University.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- Database Fundamentals
- Basic Mathematics for Computing
- Concepts of Problem Solving
- Fundamentals of Information Systems
- Fundamentals of Data Communication & Networking
- Basic Communication Skills
- PC Technical Support
- Web Design
- Basic Programming Concepts
- System Analysis & Design
- Computer Literacy

Year 2

- Web Engineering
- English for Business Communication
- Network Technology
- Advanced Mathematics for Computing
- Management
- Network Administration & Security
- Advanced Programming
- Introduction to Object Oriented Design
- Project

Year 3

- Internship (6 Months)

Intakes:

January, March & August

Duration:

2 Years 6 Months (full-time)

Career Prospects:

- Web / Software Developer
- IT / Network Engineer
- Information System Analyst
- Programmer
- IT Operations Manager

Diploma > Degree

You can choose to enter the workforce upon successful completion of your Diploma programme at Sunway or advance into the second year of the following programmes at Sunway University subject to terms and conditions.*

- BSc (Hons) in Computer Science
- BSc (Hons) Information Systems (Business Analytics)
- BSc (Hons) Information Technology
- BSc (Hons) Information Technology (Computer Networking and Security)

* Please refer to the Admissions Office for the actual grades required

BSc (Hons) in Computer Science

ABOUT THE PROGRAMME

Validated by

This programme will equip students with the knowledge, principles and skills in developing new technological and innovative solutions in the field of Computer Science. You will be able to perform a range of activities from analysing, modelling, designing, developing and evaluating computing solutions. There are also electives in specialised areas such as computer vision and computer security.

Students are provided with theoretical algorithmic foundations to develop cutting-edge software or computing solutions. Graduates may also opt for postgraduate studies that will equip you with skills to take up research positions or foray into cross-disciplinary innovation.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- Programming Concepts & Problem Solving
- Programming Principles
- Computer Mathematics
- English for Computer Technology Studies
- Computer Fundamentals

- Web Fundamentals

Year 2

- Data Structures & Algorithms
- Human Computer Interaction
- Object-Oriented Programming
- Operating System Fundamentals
- Communication Skills
- Social & Professional Responsibilities
- Computer Networks
- Software Engineering
- Digital Image Processing

Electives (Choose any 2 in Year 2)

- C# Programming
- Data Communications
- Programming Languages
- Embedded Systems
- Concurrent Programming
- Database Management Systems

Year 3

- Distributed Systems
- Artificial Intelligence
- Internship
- Seminar Series
- Capstone Project

Electives (Choose any 2 in Year 3)

- Software Architecture & Design Patterns
- Computer Vision
- Database Engineering
- Computer Security
- Computational Intelligence

Intakes:

January, March & August

Duration:

3 Years (full-time)

Career Prospects:

- Chief Technology Officer
- Software Engineer / Software Architect
- Mobile App Developer
- Game Developer
- System Designer
- Network Specialist
- Research Analyst
- Software Quality Assurance Officer
- Enterprise Distributed Application Developer

Degree > Master

Graduates of the BSc (Hons) in Computer Science can choose to enter the workforce after completion of the degree or undertake further postgraduate studies at Sunway.

BSc (Hons) Information Systems

ABOUT THE PROGRAMME

This degree will provide you with the knowledge and skills needed to build a career in Information Systems. You will learn how to apply your knowledge and understanding to organisations and business operations. Having dual focus in technical IT and managerial skills, you will gain a comprehensive understanding on how computer information systems are used to develop, support, and even lead business processes.

At the end of the course, graduates will have the technical know-how as well as the ability to demonstrate leadership and interpersonal skills that will prove useful in any organisation. You will be able to plan, design and manage business information systems to enhance organisational performance.

Students can gain an additional joint certificate in Business Intelligence & Data Mining from SAS Institute. This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

PROGRAMME STRUCTURE - Indicative Subjects

The programme also includes two streaming options.

- Stream 1:**
Technology Stream
- Stream 2:**
Business Stream

Students may choose any 4 electives.

- Year 1**
- English for Computer Technology Studies
 - Programming Concepts & Problem Solving
 - Programming Principles
 - Introduction to Statistics
 - Database Fundamentals
 - Object Oriented Programming Fundamentals
 - Principles & Practice of Management
 - Web Fundamentals
 - Computer Fundamentals

 - Operations Management
 - Human Resource Management
 - Financial Management
 - Accounting for Decision Making
 - Principles of Marketing
 - Principles of Business Finance

BSc (Hons) Information Systems (Business Analytics)

ABOUT THE PROGRAMME

This programme focuses on its study of technologies and analytical skills, with core subjects on data mining, business intelligence, knowledge management, social media analytics, big data analytics in the Cloud and others.

The emergence and advancement of multimedia, social media and the Internet is fuelling exponential growth in data captured by enterprises. Harnessing and analysing massive data creates significant value for organisations and it has become the basis for their decision-making to achieve greater efficiencies and innovation. This means that graduates with business analytics skills are in high demand across the globe.

Internship and capstone project are incorporated into the programme. During their studies, students will solve practical and real-world problems of companies utilising data sets in the presence of analytics experts. Students can gain an additional joint certificate in Big Data with Advanced Techniques in Data Science from SAS Institute. This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

- Electives (Choose 1 elective)**
- Problem Solving using Analytics Tools
 - Advanced Business Analytics

BIS (Hons) in Mobile Computing with Entrepreneurship

ABOUT THE PROGRAMME

Learn how apps are designed and developed, and how e-businesses can be built on smart devices. The Bachelor of Information Systems (Honours) in Mobile Computing with Entrepreneurship programme provides students with an in-depth knowledge and understanding of smart computing as an integrated mobile information system and to develop your entrepreneurial skills. Obtain a good understanding of different types of information system and database design, but specialises on mobile applications and their development.

Alongside the technical skills gained in information systems and mobile technologies, the programme covers the development of key business processes and management skills necessary in today's rapidly changing world of employment.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Information Technology

ABOUT THE PROGRAMME

This programme will give you strong analytical skills as well as train you to be technologically savvy. A good mix of knowledge in software development and hardware will make you an attractive employee in line with the needs of the fast-moving technology-based industries.

By combining your knowledge on the technical side of IT with hands-on experience, you will be adept at developing an organisation's technology infrastructure and support the people who use it. This versatile programme is best suited for students who wish to proceed as generalists in computing and build successful careers as IT professionals and managers. However, the options don't end there – students can continue into graduate study, take up research positions, or go into cross-disciplinary innovation.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

PROGRAMME STRUCTURE - Indicative Subjects

- Year 1**
- Programming Concepts & Problem Solving
 - Programming Principles
 - Computer Mathematics
 - English for Computer Technology Studies
 - Computer Fundamentals
 - Database Fundamentals
 - Object-Oriented Programming Fundamentals
 - Computer Organisation
 - Web Fundamentals
- Year 2**
- Data Structures & Algorithms
 - Human Computer Interaction
 - Object-Oriented Programming
 - Communication Skills
 - Operating System Fundamentals
 - Computer Networks
 - Web Programming
 - Social & Professional Responsibilities
- Electives (Choose any 2 in Year 2)**
- Data Communications
 - Network & System Administration
 - C# Programming
 - Software Engineering
 - Probability & Statistics
 - Digital Image Processing
 - Database Management Systems
- Year 3**
- Project Management
 - Internship
 - Capstone Project
- Electives (Choose any 5 in Year 3)**
- Multimedia Networking
 - Network Security
 - Network Management
 - Computational Intelligence
 - Mobile Computing
 - Artificial Intelligence
 - Computer Vision
 - Computer Security
 - Database Engineering
 - Seminar Series

BSc (Hons) Information Technology (Computer Networking and Security)

ABOUT THE PROGRAMME

Graduates from this programme will be well-versed in the technical skills of prevention and investigation of computer hacking, paving the way for potentially lucrative global opportunities in the field of computer and networking security, leading to careers in sectors that have a rapid demand for networking and cyber-security experts such as the banking or financial industry, large private organisations, or the government.

Students will gain key exposure to computer and networking security related practices in business and the industry through a 12-week industrial attachment.

Graduates will revolutionise the field of Information Security with a solid foundation leading to internationally recognised professional credentials awarded by EC-Council (IT Security Certification Body from USA):

- Certified Ethical Hacking (CEH)
- Computer Hacking Forensic Investigator (CHFI)

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons)
Information Technology
(Computer Networking
and Security)

Intakes:
January, March & August

Duration:
3 Years (full-time)

- Career Prospects:**
- Network Engineer
 - Security Engineer
 - Network Infrastructure Specialist
 - IT Consultant
 - IT Forensic Investigator
 - Hacker Consultant
 - Security Specialist
 - Network Designer

Degree > Master
Graduates of the BSc (Hons) Information Technology (Computer Networking and Security) can choose to enter the workforce after completion of the degree or undertake further postgraduate studies at Sunway.

MSc in Computer Science (By Research)

ABOUT THE PROGRAMME

This programme will train you to carry out research in current and emerging IT fields, with the aim of growing advanced knowledge in specialist technical subject areas in order to be able to lead future developments in the industry or academia.

You will be part of our research groups at Sunway University with opportunities to participate in research activities such as seminars, workshops, laboratory experiments and fieldwork alongside your supervisors. Graduates of the MSc in Computer Science will have competencies in theory and practice of ICT and Computer Science. They will be well-equipped with analytical and problem-solving skills to work as senior consultants or in managerial positions in their field of study.

Graduates of this programme will receive dual awards, one certificate from Sunway University and another from Lancaster University.

PROGRAMME STRUCTURE

The MSc in Computer Science (By Research) consists of two taught modules and one thesis. Students will be required to complete two taught modules, namely Research Methodology and Directed Readings, before they proceed to writing the thesis.

The modules are:

Research Methodology
Students will have an opportunity to examine research designs with methodology as well as data analysis techniques employed by researchers. At the end of this module, candidates will be expected to formulate and submit a proposal for research in an area of their own interest or specialisation.

Directed Readings
This module will provide students with comprehensive reading lists and resources to help them develop their hypothesis or areas of interest. Library skills and training on how to manage information and resources will also be introduced in this module.

Thesis
The MSc is awarded based on the successful completion of a thesis. The thesis should demonstrate proficiency, criticality and mastery in the subject or chosen area of research.

- Areas of Research**
Our academics have expertise in the following research areas:
- | | |
|---|--|
| <ul style="list-style-type: none">• Affective Computing• Artificial Intelligence• Biometrics• Computer Vision• Computer Networking• Multimodal Sensing• Haptics• Virtual Reality | <ul style="list-style-type: none">• Multimedia Communications• Security• Image Processing• Telerobotics• Mobile Computing• Ubiquitous & Pervasive Computing• Wireless Networks |
|---|--|

MSc in
Computer
Science (By
Research)

Intakes:
January, March, June & August

Duration:
2 Years (full-time)
3 Years (part-time)

- Career Prospects:**
- Researcher in the area of Computer Science & Software
 - System Analyst
 - Internet & Networking Specialist
 - Software Engineer
 - Software Quality Assurance Officer
 - Software Solutions Designer
 - Senior Systems Consultant

With the MSc in Computer Science (By Research), a graduate can also venture into a Doctoral Degree, such as a PhD in Computing at Sunway University.

MSc in Information Systems

ABOUT THE PROGRAMME

Information systems are a key part of an organisation’s IT infrastructure. IT professionals, who can manage information resources, understand the technology and systems, are key to a modern enterprises’s success.

This programme is strategically positioned to enable you to undertake information systems research that is theoretically and methodologically rigorous, and enables you to develop your capability to plan, organise and carry out research studies at master’s level. It extends your knowledge of research in your chosen area, and builds your skills in communicating your research work.

The MSc in Information Systems is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

Candidates will be required to complete two taught modules, namely Research Methodology and Directed Readings, before they proceed to writing their thesis.

The modules are:

Research Methodology

Candidates will have an opportunity to examine research designs with methodology as well as data analysis techniques employed by Information Systems researchers. At the end of this module, candidates will be expected to formulate and submit a proposal for research in an area of their own interest or specialisation.

Directed Readings

This module will provide students with comprehensive reading lists and resources to help them develop research models and areas of interest. Literature review skills and training on how to manage information and resources will also be introduced in this module.

Thesis

The MSc is awarded based on the successful completion of a thesis. The thesis should demonstrate proficiency, criticality and mastery in the subject or chosen area of research.

Areas of Research

- | | |
|---|---|
| <ul style="list-style-type: none">• Business Intelligence Computing• Data & Information Science• Data Analytics with Computing Elements• Data Mining & Knowledge Discovery• Management in Information Systems | <ul style="list-style-type: none">• Information System Analysis & Design• Information Technology Decision-making• IT Outsourcing & Strategy• Knowledge Management• Knowledge Engineering• Social Computing & Current Aspects of IT |
|---|---|

Intakes:
January, March, June & August

Duration:
2 Years (full-time)
3 Years (part-time)

- Career Prospects:**
- Chief Information Officer
 - IT Consultant
 - IT Auditor
 - IT Project Director
 - Business Analyst
 - IT System Analyst
 - Software Engineer
 - Data Scientist
 - Database Engineer

With the MSc in Information Systems, a graduate can also venture into a Doctoral Degree, such as a PhD in Computing at Sunway University.

Doctor of Philosophy (Computing)

ABOUT THE PROGRAMME

This research driven programme aims to further develop your current research skills in one of a number of key areas of computing contributing to the technological advancement of the nation and the society at large.

Guided by the expertise of your supervisors, you will be exposed to the exciting research activities including critical analysis of literature, identifying an area of contribution, gathering information, investigating emerging and next-generation technologies, and communicating ideas through journal publications and conference presentations.

Tutorials will be conducted in an exclusive, one-to-one manner and supervisors will be on hand to support you throughout the duration of the programme. Prior to enrolment, prospective candidates should consult Sunway’s qualified and experienced supervisors to ascertain the area of research.

Candidates are required to take two modules namely Research Methodology and Directed Readings to enhance their knowledge in research, in addition to the Research Proposal and Thesis components.

Research Methodology

Students will have an opportunity to examine research designs with methodology as well as data analysis techniques employed by Computing researchers.

Directed Readings

This module will provide students with comprehensive reading lists and resources to help them develop their hypothesis or areas of interest. Literature review skills and training on how to manage information and resources will also be introduced in this module.

Research Proposal

This module will provide students with relevant skills to formulate research problems and solutions in order to prepare and submit a proposal for research in an area of their own interest or specialisation.

Thesis

The PhD is awarded based on the successful completion of a thesis. The thesis should demonstrate proficiency, criticality and mastery in the subject or chosen area of research at doctoral level.

Areas of Research

All topics of computing are welcome including, but not limited to:

- | | |
|---|---|
| <ul style="list-style-type: none">• Artificial Intelligence• Business Intelligence Computing• Cognitive Radio• Networking• Security | <ul style="list-style-type: none">• Social Computing• Information Systems Management• Haptic• Virtual Reality• Image Processing |
|---|---|

Entry Requirements

ENTRY REQUIREMENTS

DIPLOMA

	Information Technology
SPM / O-Level	Pass with minimum 3 credits (including Mathematics)
UEC	Pass with minimum 3 Grade Bs (including Mathematics)
Other Qualifications	Any other qualifications will be considered on a case-to-case basis

DEGREE

	Computer Science	Information Systems / Information Systems (Business Analytics) / Mobile Computing with Entrepreneurship / Information Technology / Information Technology (Computer Networking and Security)
STPM	Average C+ or CGPA 2.33 (Minimum 2 Principals)	Average C+ or CGPA 2.33 (Minimum 2 Principals)
A-Level	CC/CDE (minimum 12 points)	CC/CDE (minimum 12 points)
Australian Matriculation	ATAR 60	ATAR 60
Canadian Matriculation	60%	60%
MUFY	240 (60%)	240 (60%)
Sunway Foundation in Arts	CGPA 2.3	CGPA 2.3
Sunway Foundation in Science and Technology	CGPA 2.3	CGPA 2.3
UEC	Maximum 26 points from 5 subjects (all Grade Bs including Mathematics)	Maximum 26 points from 5 subjects (all Grade Bs including Mathematics)
IB	Completed with minimum 25 points (excluding bonus points)	Completed with minimum 25 points (excluding bonus points)
Other Qualifications	Any other qualifications will be considered on a case-to-case basis	

Mathematics Requirements:
SPM / O-Level:

Credit in Additional Mathematics Credit

POSTGRADUATE PROGRAMME

	MSc in Computer Science / MSc Information Systems	PhD (Computing)
	A Bachelor's Degree in Computing with minimum CGPA of 3.00 or equivalent	A Master's degree in a field other than Computing will be considered provided they hold a Bachelor's Degree in Computing or a closely related field. Any other qualifications will be considered on a case-to-case basis
Other Qualifications	Any other qualifications will be considered on a case-to-case basis	

Entry Requirements

ENGLISH LANGUAGE REQUIREMENTS

DIPLOMA

Sunway Intensive English Programme (IEP)	Level 4
Cambridge English (First)	50 and above

DEGREE

TOEFL	550 (paper-based), 213 (computer-based), 80 (internet-based)
IELTS PTE Academic	6.0 50 overall (minimum 46 in each skill)
MUET	Band 4
SPM English	B3 or B+
UEC English	B4
O-Level English (1119)	Credit
Sunway Intensive English Programme (IEP)	Pass Level 4 with minimum 65%
ESL / English	Satisfactory level in Pre-University programmes, where the medium of instruction is English

Cambridge English (Advanced) Minimum 67

POSTGRADUATE PROGRAMME

TOEFL	550 (paper-based), 213 (computer-based), 80 (internet-based)
IELTS PTE Academic	6.0 50 overall (minimum 46 in each skill)
Cambridge English (Advanced)	Minimum 67
Cambridge English (First)	75+

ADDITIONAL MOHE COMPULSORY GENERAL STUDIES SUBJECTS

DIPLOMA

- For Local students:**
- Malaysian Studies 2
 - Moral Education / Islamic Studies
 - Community Service
 - Bahasa Kebangsaan A (applicable to students who did not sit for SPM or did not obtain a Credit in SPM Bahasa Melayu)

- For International students:**
- Malay Language for Communication 1
 - Moral Education / Islamic Studies
 - Community Service

DEGREE

- For Local students:**
- Islamic & Asian Civilisations
 - Ethnic Relations
 - Community Service
 - Bahasa Kebangsaan A (applicable to students who did not sit for SPM or did not obtain a Credit in SPM Bahasa Melayu)

- For International students:**
- Malay Language for Communication 2
 - Malaysian Studies 3
 - Community Service

Diploma in
Fine Art

Diploma in Fine Art

ABOUT THE PROGRAMME

Artistically inclined students will enjoy this well-structured programme that encompasses skill development in painting, drawing, printmaking and sculpture, with an emphasis on the fundamental requirements of good drawing and painting skills. Other crucial components are liberal studies in art history and art criticism. Elective courses from other design disciplines offered allow cross-disciplinary learning to take place.

Students will start with fundamental drawing, painting and design skills. Computer graphics and digital photography will also be taught. Going into Year Two, you will develop your drawing, painting and design principles further. Printmaking and Sculpture will also be introduced to complement the core subjects.

By the end of the programme, you will be prepared to produce a series of paintings and drawings for your final project based on selected research or subject matters. While in the programme, gallery and museum visits are essential to broaden the students' understanding of works by professional artists.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- | | |
|-----------------------------|------------------------------------|
| • Principles of Design (2D) | • Figure Drawing |
| • Principles of Design (3D) | • Still-life Painting |
| • Drawing Studies | • History of Ancient & Western Art |
| • Computer Graphics 1 | • Digital Photography |
| • History of Modern Art | • English for Artists & Designers |
| • Printmaking – Relief | |

Year 2

- | | |
|---------------------------|------------------------------------|
| • Advanced Figure Drawing | • Art Appreciation & Criticism |
| • Landscape Painting | • Sculpture in Round |
| • Printmaking – Intaglio | • Ceramics |
| • Thematic Drawing | • Intro to Design Proposal Writing |
| • Figurative Painting | |

Year 3 (6 Months)

- | | |
|--------------------------|--------------|
| • Major Painting Project | • Internship |
|--------------------------|--------------|

Electives (Choose any 1 in Year 2)

- | | |
|----------------|-----------------------|
| • Model Making | • Sculpture in Relief |
| • Illustration | |

Intakes:

March & August

Duration:

2 Years 6 Months (full-time)

Career Prospects:

- Art Director
- Artist
- Illustrator
- Set Designer
- Display Artist
- Sculptor
- Commissioned Artist
- Event Designer
- Art Instructor / Fine Art Teacher
- Curator
- Photographer
- Commercial Artist
- Graphic Designer
- Concept Artist
- Art Administrator
- Art Consultant

Diploma in
Graphic &
Multimedia
Design

Diploma in Graphic & Multimedia Design

ABOUT THE PROGRAMME

Students will learn about various aspects and techniques of graphic design including its application to packaging, corporate identity, publication design, environmental graphics, advertising design and digital graphics.

The development of fundamental skills through Drawing and Principles of Design will be the main focus of learning in Year One, with the inclusion of Typography and Computer Graphics. In the following year, the syllabus will build on creative conceptual design solutions in packaging, publication, corporate identity and other areas.

The final year includes practice in a real working environment within advertising agencies and design houses.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- | | |
|-----------------------------|-----------------------------------|
| • Principles of Design (2D) | • Graphic Design 1 |
| • Principles of Design (3D) | • Computer Graphics 2 |
| • Drawing Studies | • History of Graphic Design |
| • Computer Graphics 1 | • Multimedia Design 1 |
| • Typography 1 | • English for Artists & Designers |
| • Digital Photography | |

Year 2

- | | |
|-----------------------------|------------------------------------|
| • Typography 2 | • Graphic Design 3 |
| • Graphic Design 2 | • Multimedia Design 3 |
| • Multimedia Design 2 | • Printing Technology |
| • Introduction to Packaging | • Intro to Design Proposal Writing |

- Advertising Designer
- Game Designer
- Illustrator
- Visual Effects Supervisor
- Branding Designer
- Art Educator
- Motion Graphic Designer
- Concept Artist
- Video Production Artist

Diploma in
Interior
Design

Diploma in Interior Design

ABOUT THE PROGRAMME

Inspiring new developments in technology and materials may sometimes overwhelm new interior designers, which is why we have created a programme that will equip students with a solid foundation of theories and practicalities of interior design. They are also taught to develop handy skills through hands-on interior design activities in class and participation in live projects and competitions in the industry.

In this programme, the learning emphasis is on developing creative design solutions in shaping and planning interior architectural spaces for human activities. Students can choose two elective subjects from other art and design disciplines as part of our cross-disciplinary learning concept.

During this programme students will start from drawing skills before graduating into designing smaller, compact spaces and then move on to commercial or institutional models. The final assignment will be a more complex major design project.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- | | |
|-----------------------------|-----------------------------------|
| • Principles of Design (2D) | • Building Construction |
| • Principles of Design (3D) | • Furniture Design 1 |
| • Drawing Studies | • History of Interior Design |
| • Architectural Graphics | • Colour, Materials & Finishes |
| • Interior Design 1 | • English for Artists & Designers |
| • Model Making | |

Year 2

- | | |
|------------------------------------|----------------------------------|
| • Interior Design 2 | • Specification & Contract |
| • Building Services | • Advanced Computer Aided Design |
| • Furniture Design 2 | |
| • Computer Aided Design | • Professional Practice |
| • Figurative Painting | • Interior Design 3 |
| • Intro to Design Proposal Writing | |

Year 3 (6 Months)

- Signage & Experience Designer

Diploma in
Performing
Arts

Diploma in Performing Arts

ABOUT THE PROGRAMME

This programme has the distinction of covering two disciplines – theatre and film; it gives the students an interdisciplinary curriculum rarely found in other programmes. Students who select this programme will be surrounded and supported by like-minded and equally passionate classmates, lecturers and staff, with whom you will collaborate and learn from. Apart from lectures, you will be introduced to a variety of other learning methods, such as demonstrations, practical sessions, tutorials, viewings, discussions, performances and field trips.

The lecturers are dynamic individuals who are artistic and professional people known in film, television, media and theatre. They not only provide the guidance but also are the links to the industry for students' future work contacts.

The programme aims to give you a rounded, rigorous, 360° education and training in the fundamentals of theatre and film production, and acting. This comprehensive training and education in the inter-related disciplines of theatre and film production will give you a great head start in employment and further education upon graduation.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- | | |
|---|-------------------------|
| • Improvisation | • Production Management |
| • Theatre Practices | • Media & Culture |
| • Cinema Studies | • Script Writing |
| • Introduction to Audio-Visual Production | • Thought & Writing |
| • Professional Skills | • Acting & Text |
| • Audio-Visual Production | • Theatre Project |

Year 2

- | | |
|--------------------------------|----------------------------|
| • World Cinema | • Production Design Theory |
| • Malaysian Arts & Culture | • Career Management |
| • Directing for the Camera | • Acting for the Camera |
| • Audio-Visual Post-Production | • Internship |

Electives (Choose 1 elective)

- | | |

- Script Writer
- Drama Teacher

BA (Hons) in
Communication

BA (Hons) in Communication

ABOUT THE PROGRAMME

Validated by

This exciting and high-impact communication programme has three interdisciplinary specialisations designed to produce industry-employable graduates – Corporate Communication, Advertising Design, and PR Project Management.

A solid foundation in the Principles of Communication is offered in Year 1 of the programme. Students will focus on their particular specialisation in Year 2 and Year 3. They may opt to take up interdisciplinary elective subjects to broaden their skills and knowledge. They will also gain valuable industrial experience from the internship.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BA (Hons)
Digital Film
Production

BA (Hons) Digital Film Production

ABOUT THE PROGRAMME

Validated by

Explore the creative and professional aspects of film production including short film and documentary, scriptwriting, sound design, acting, transmedia content creation, post-production, entrepreneurship and internship with the widest and most value-added applications.

The programme aims to produce versatile creative producers who are skilled in audio-visual production and transmedia application across multiple screens to enhance capability and competency in Malaysia's growing creative economy. The expertise acquired in this programme will be relevant to a diverse range of conventional and new career options within and beyond the current media landscape that has been revolutionised by digital technology.

This degree is validated by Lancaster University and upon successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BA (Hons)
Contemporary
Music (Audio
Technology)

BA (Hons) Contemporary Music (Audio Technology)

ABOUT THE PROGRAMME

This programme aims to train versatile musicians and music producers. It is both a technical and creative degree programme, providing students with solid music theory and academic knowledge, while developing skills with audio technology through studio practice and interdisciplinary collaborative projects. Subjects and areas covered include composition, arrangement, sound design and film scoring, as well as music theory, history and aural training.

Ideal for any student with a strong interest in music, production, sound and audio technology, the programme is also open to individuals with no prior formal musical training who are passionate about pursuing a career in music. Graduates will be equipped to work in the music industry as producers, composers, sound engineers and creative artists; or in the broader creative industries through work on film, TV, video games, theatre, dance, entertainment and many more.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- World Music
- Audio Technology
- Studio Technique
- Contemporary Music Composition & Arrangement 1
- Introduction to Filmmaking
- Aural & Keyboard Skills 1
- Aural & Keyboard Skills 2
- Music Theory & Analysis 1
- Music Theory & Analysis 2
- Music History 1
- Music History 2
- Academic Writing & Communication Skills

Year 2

- Introduction to Sound Design
- Contemporary Music Composition & Arrangement 2
- Malaysian Music
- Sound & the Environment
- Research Methods
- Film Scoring
- Aural & Keyboard Skills 3
- Aural & Keyboard Skills 4

Electives (Choose 1 elective)

- Media & Cultural Studies
- Collaborative Projects
- Filmmaking: Short Film
- Music Theory & Analysis 3
- Music Theory & Analysis 4
- Music History 3

Year 3

- Music Business
- Research Project
- Popular Music Studies
- Internship
- Creative Industries & Entrepreneurship
- Arts & Society in Malaysia

Electives (Choose 1 elective)

- Music Portfolio Production Project
- Pop Song Production Project

Intakes:

March & August

Duration:

3 Years (full-time)

Career Prospects:

- Music Producer
- Music Artiste (eg. Singer-Songwriter, Vocalist, Musician)
- Music Director
- Composer
- Film Composer
- Recording Studio Engineer

- Studio Owner
- Music Label Owner
- Music Venue Owner

Entry
Requirements

ENTRY REQUIREMENTS

DIPLOMA

	Fine Art / Graphic & Multimedia Design / Interior Design	Performing Arts
SPM / O-Level	Pass with minimum 3 credits (including a pass in Art / Technical Drawing / Portfolio)	Pass with minimum 3 credits (including a pass in English)
UEC	Pass with minimum 3 Grade Bs (including a pass in Art / Technical Drawing / Portfolio)	Pass with minimum 3 Grade Bs (including English)
Other Qualifications	Any other qualifications will be considered on a case-to-case basis	
Portfolio Requirements	Why is a Portfolio Necessary? A portfolio provides some indication of your ability in design and allows us to assess your creative potential.	

What Should a Portfolio Contain?

We wish to see at least 3 examples of your own creative work, completed within the last 3 years. Portfolios are as varied as the students they represent; however, usually a portfolio would contain examples of drawings in a variety of media. Photographs of 3D pieces you have made, such as jewellery, sculpture, packaging, card design, furniture products, interior design or sketchbooks can be included. We are happy to accept portfolios in an electronic format, such as a CD-ROM or a website.

DEGREE

	Contemporary Music (Audio Technology) / Digital Film Production	Communication
STPM	Average C or CGPA 2.0 (minimum 2 Principals)	Average C or CGPA 2.0 (minimum 2 Principals)
A-Level	DD/DEE (minimum 8 points)	DD/DEE (minimum 8 points)
Australian Matriculation	ATAR 55	ATAR 55
Canadian Matriculation	55%	55%
MUFY	220 (55%)	220 (55%)
Sunway Foundation in Arts	CGPA 2.0	CGPA 2.0
Sunway Foundation in Science and Technology	CGPA 2.0	
UEC	Maximum 28 points from 5 subjects (all Grade Bs)	Maximum 28 points from 5 subjects (all Grade Bs)
IB	Completed with minimum 24 points (excluding bonus points)	Completed with minimum 24 points (excluding bonus points)

Other Qualifications Any other qualifications will be considered on a case-to-case basis

Specific Requirements:

For Contemporary Music (Audio Technology) : All candidates must undertake a LIVE audition. To prepare three 1.5 minute pieces to be sung or performed on any instrument of their choice.

Please contact cmat@sunway.edu.my for more details.

Management

Diploma in Events Management

ABOUT THE PROGRAMME

Accredited by the world-renowned:

PROGRAMME STRUCTURE - Indicative Subjects

For students who have the desire to pursue an education in Events Management, this programme provides a good, rounded overview of this discipline where students learn strong fundamentals and the practical knowledge and skills of planning and execution of events. This knowledge and skills acquired will help you have a seamless transition into the workplace, ensuring that you become highly employable.

While acquiring the theory-side of the programme, you will also learn how to apply the theories through practical attachments. Periods of attachment to event companies will enhance your skills via experiential learning. While working on projects, students will also pick up solid theoretical and conceptual frameworks for understanding the nature, characteristics and role of events. Ultimately, the learning of crucial technical skills will lead to the development of key practical business skills involved in designing, marketing and managing events.

Students will gain essential practical experience through a 20-week industry internship. This diploma is accredited by Le Cordon Bleu and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Le Cordon Bleu.

BSc (Hons) in
International
Hospitality
Management

BSc (Hons) in International Hospitality Management

ABOUT THE PROGRAMME

Accredited by the
world-renowned:

Hotels, resorts, conference centres, cruise ships and visitor attractions around the world need effective, innovative and culturally aware managers to run them. This programme will equip you with the knowledge and skills in international hospitality business and management that you need to set you on course for a top position in the hospitality industry. A specialised training is provided in the hospitality sector, integrated with training in the fundamentals of business management.

Students are prepared for the real world of work through our 18-week internship programme, which allows you to gain first-hand experience in the hospitality industry. Through the internship, you will be exposed to the industry's culture, learn the industry standards and experience the many and varied aspects of, for example, working in a hotel or resort. Our graduates find themselves in high demand locally and internationally, going on to take up careers in the hotel industry, airlines, and resort management companies, both in Malaysia and overseas. This degree provides you with the knowledge and skills you need to get ahead in what is a truly global industry, helping you to see the world!

This degree is accredited by Le Cordon Bleu and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Le Cordon Bleu.

ABOUT THE PROGRAMME

This exciting and innovative biology degree incorporates behavioural sciences to make it more relevant, relatable, and applicable. With 75% of the subjects focusing on biology, graduates will be equipped with a strong foundation to further their studies in postgraduate level in the area of neuroscience, and in clinical or pharmaceutical research.

Alongside academic studies, there will also be opportunities to develop research skills and practical experience through working on innovative independent research project during the final year. The students will also gain valuable experience working in healthcare or industry through internship. These skills will give you the edge, opening up career opportunities in the academia, healthcare sector, pharmaceutical industry, food industries, environmental consultancy and related disciplines.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

BSc (Hons) Medical Biotechnology

ABOUT THE PROGRAMME

The development of medical biotechnologies is one of the major success stories of the last 20 years, and continues to revolutionise the world of medicine. Exciting new developments have led the way to new treatments to combat previously life-threatening diseases and to improving the quality of life. This programme will lead you through some of the most important developments, helping you to understand them and opening up a future world of innovation and discovery.

Graduates of the programme will find rewarding careers in the pharmaceutical industry, as well as in the health sector and in public policy, as society grapples with the complex issues that the rapidly changing world of medical biotechnology brings with it.

With a focus on developing research skills, this programme equips you for further studies at Masters or even PhD level, that can lead to cutting-edge medical biotechnology discovery.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

MSc in
Life Sciences

MSc in Life Sciences

ABOUT THE PROGRAMME

This postgraduate research programme will provide you with the opportunity to conduct original research, which extends the frontiers of knowledge in a specialised area of your choice in Life Sciences.

You will acquire the knowledge and skills needed to undertake future, independent research. Graduates will develop problem solving and critical thinking skills that can be applied in the future. The programme provides advanced knowledge of, and training in, research methods that will enable graduates to apply their knowledge and skills as researchers, practitioners and administrators in many fields of life sciences and assist them in obtaining employment in areas such as education, health, and the biopharmaceutical industry.

The MSc in Life Sciences is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

The MSc in Life Sciences consists of one taught module and one thesis. Students will be required to complete one taught module, namely Research Methodology, before they proceed to writing the thesis. By undergoing this module, candidates will develop the necessary skills and knowledge to conduct research successfully towards the Master’s degree.

Research Methodology

Students will have an opportunity to examine research designs with methodology as well as data analysis techniques employed by researchers. At the end of this module, candidates will be expected to formulate and submit a proposal for research in an area of their own interest or specialisation.

Master’s Thesis

The MSc is awarded based on the successful completion of a thesis. The thesis should demonstrate proficiency, criticality and mastery in the subject or chosen area of research.

Areas of Research

- | | |
|---------------------------------|--------------------------------|
| • Cancer Biology & Therapeutics | • Antimicrobials |
| • Ecology & Conservation | • Microbiology |
| • Neurobiology | • Molecular Biology & Genetics |
| • Infectious Diseases | • Cell Biology |

Intakes:
March & August

Duration:
2 years (full-time)
3 years (part-time)

Career Prospects:

- Biochemist
- Pharmacologist
- Immunologist
- Physiologist
- Academia / Science Educator
- Microbiologist
- Healthcare Manager
- Research Scientist
- Laboratory Manager
- Product Specialist
- Sales Manager
- Quality Control Specialist

Doctor Of
Philosophy
in Biology

Doctor of Philosophy in Biology

ABOUT THE PROGRAMME

This research driven programme aims to further develop your current research skills in one of a number of key areas of biology.

Working with your supervisors, you will be exposed to the many aspects of research activities including critical analysis of literature, identifying an area of contribution, gathering information and communicating ideas through journal publications and conference presentations.

Tutorials will be conducted in an exclusive, one-to-one manner and supervisors will be on hand to support you throughout the duration of the programme. Prior to enrolment, prospective candidates will have to consult Sunway’s qualified and experienced supervisors to ascertain the area of research.

The Modules

Candidates are required to take four modules namely Research Methodology, Research Ethics and Biosafety, Biostatistical Data Analysis and Directed Readings to enhance their knowledge in research, in addition to the Thesis component.

Thesis

The PhD is awarded based on the successful completion of a thesis. The thesis should demonstrate proficiency, criticality and mastery in the subject or chosen area of research.

Areas of Research

Our academics have expertise in the following research areas:

- | | |
|---------------------------------|--|
| • Bioinformatics | • Microbiology |
| • Biochemistry | • Ecology, Biodiversity & Conservation |
| • Cancer Biology & Therapeutics | • Molecular Biology & Genetics |
| • Drug Discovery | • Virology |
| • Infectious Diseases | |
| • Antimicrobials | |

Intakes:
March & August

Duration:
3 Years (full-time)
4 Years (part-time)

Career Prospects:

- Academia / Science Educator
- Postdoctoral / Research Scientist
- R&D (Senior Researcher)
- Scientific / Medical Writer
- Senior Laboratory Manager
- Scientific Policy (Government Institutions)
- Quality Control / Health & Safety Agencies

ABOUT THE PROGRAMME

Full Programme Accreditation

The First Actuarial programme in Malaysia to be Fully Accredited by the:

This programme draws together a variety of subjects that involve applying mathematical and statistical techniques in the financial services industry. It is designed to pave the way for students wishing to enter a career as an actuary. Students will be prepared for professional exams that lead to recognised actuary status or specialist in the financial risk and insurance industries.

The Society of Actuaries (SOA), USA, Casualty Actuarial Society (CAS), USA, and Canadian Institute of Actuaries (CIA) conduct actuarial professional exams leading to professional designations such as Fellow of the Society of Actuaries (FSA), Chartered Enterprise Risk Analyst (CERA), Fellow of the Casualty Actuarial Society (FCAS) and Fellow of the Canadian Institute of Actuaries (FCIA).

Our programme also provides exemptions for 3 papers (VEE) from the Society of Actuaries (SOA) on condition that the student scores at least B- (or equivalent grade) in the designated subjects offered in the programme.

PROGRAMME STRUCTURE - Indicative Subjects

Year 1

- Principles of Financial Accounting
- Introductory Economics
- Programming Principles
- Calculus
- Linear Algebra & Applications
- English for Business
- Principles of Business Finance
- Introduction to Probability
- Advanced Calculus
- Theory of Interest

Year 2

- Derivative Securities I
- Life Contingencies I
- Introduction to Statistics
- Financial Management
- Communication Skills
- Derivative Securities II
- Life Contingencies II
- Mathematical Methods
- Risk Theory

Year 3

- Simulation & Credibility Theory
- Survival Models
- Ratemaking & Loss Reserving for General Insurance
- Business Ethics & Social Responsibilities
- Financial Risk Management
- Internship

Electives (Choose any 3 in Year 3)

- Time Series & Forecasting
- Regression Analysis
- Risk Based Capital Modelling for Non-life Insurers
- Final Year Project
- Stochastic Processes
- Life Insurance & Takaful
- Discrete Mathematics

Intakes:

January, March & August

Duration:

3 Years (full-time)

Career Prospects:

- Chief Actuary in Life / Health / Property / Casualty Insurance
- Chief Executive Officer
- Financial Risk Manager
- Actuarial Reserving Analyst
- Chief Financial Officer
- Catastrophe Risk Analyst
- Consulting Actuary
- Underwriting Auditor
- Actuarial Pricing & Risk Analyst
- Pension / Retirement Plan Actuary

ENTRY REQUIREMENTS

DEGREE

	Actuarial Studies
STPM	Average C+ or CGPA 2.33 (minimum 2 Principals)
A-Level	CC/CDE (minimum 12 points)
Australian Matriculation	ATAR 60
Canadian Matriculation	60%
MUFY	240 (60%)
Sunway Foundation in Arts	CGPA 2.0
Sunway Foundation in Science and Technology	CGPA 2.0
UEC	Maximum 26 points from 5 subjects (all Grade Bs)
IB	Completed with minimum 25 points (excluding bonus points)
Other Qualifications	Any other qualifications will be considered on a case-to-case basis

ENGLISH LANGUAGE REQUIREMENTS

DEGREE

TOEFL	550 (paper-based), 213 (computer-based), 80 (internet-based)
IELTS	6.0
PTE Academic	50 overall (minimum 46 in each skill)
MUET	Band 4
SPM English	B3 or B+
UEC English	B4
O-Level English (1119)	Credit
Sunway Intensive English Programme (IEP)	Pass Level 4 with minimum 65%
ESL / English	Satisfactory level in Pre-University programmes, where the medium of instruction is English
Cambridge English (Advanced)	Minimum 67

ADDITIONAL MOHE COMPULSORY GENERAL STUDIES SUBJECTS

DEGREE

- For Local students:**
- Islamic & Asian Civilisations
 - Ethnic Relations
 - Community Project
 - Bahasa Kebangsaan A (applicable to students who did not sit for SPM or did not obtain a Credit in SPM Bahasa Melayu)
- For International students:**
- Malay Language for Communication 2
 - Malaysian Studies 3
 - Community Project

PSYCHOLOGY

- 96 • BSc (Hons) Psychology
- 97 • MSc in Psychology
- 98 • Entry Requirements

BSc (Hons) Psychology

ABOUT THE PROGRAMME

Studying psychology will allow you to gain an in-depth understanding of how we learn, think, feel and adapt to our social environment. The programme covers both normal and abnormal behaviour, and deals with the biological, social and individual factors that affect human psychology. The programme also includes supervised fieldwork, during which you will have the opportunity to apply your newly acquired knowledge and understanding in a real-world setting.

Through the practical application of all you have learned, you will acquire the skills and attributes necessary to evaluate and understand the many different facets of human behaviour. You will also consider the complex ethical issues that arise throughout your studies, so that upon graduation, you will be able to use all you have learned for the betterment of human welfare.

A degree in Psychology is the gateway to a variety of exciting career prospects, from forensic scientist to helping businesses understand their customers and even helping sports men and women to perform at their highest potential. A degree in psychology can also open up career prospects in advertising, public relations, administration, retail services, marketing, journalism and even the legal profession, to name but a few.

This degree is validated by Lancaster University and upon the successful completion of the programme, graduates are awarded two certificates; one from Sunway University and another from Lancaster University.

PROGRAMME STRUCTURE - Indicative Subjects

- Year 1**
 - Introduction to Psychology I
 - Introduction to Psychology II
 - Human Physiology
 - Law & Society
 - Communication Skills
 - Principles of Marketing
 - English for Psychology
 - Social & Professional Responsibilities
- Year 2**
 - Research Methods in Psychology
 - Cross-Cultural Psychology
 - Motivation & Emotion
 - Psychological Testing
 - Sensation & Perception
 - Cognitive Psychology
 - Developmental Psychology
 - Biological Psychology
 - Abnormal Psychology
 - Social Psychology
- Year 3**
 - History of Psychology
 - Internship
 - Research Project
- Electives (Choose any 6 in Year 3)**
 - Behaviour Modification
 - Organisational Psychology
 - Psychology Seminar
 - Human Neuropsychology
 - Personality Psychology
 - Community Mental Health
 - Counselling Psychology
 - Educational Psychology
 - Learning Disabilities
 - Applied Developmental Psychology

MSc in Psychology

ABOUT THE PROGRAMME

Providing you with the opportunity to build on your previous studies in Psychology, this programme focusses on a topic of your choice through an independent research project. It is specifically designed to enable you to develop your research skills and to undertake independent research while at the same time, broadening your knowledge and understanding in an area of psychology that excites you.

You will learn how to research the literature and to plan and manage a research project. The skills and attributes you gain in critical thinking, project management and report writing will help you to achieve your career potential.

The programme also provides an excellent springboard for students wishing to continue their studies through to PhD level, the highest level of qualification achievable.

The programme consists of core modules followed by a master research thesis.

Core Modules

- Advanced Research Methods
- Advanced Statistics

Research Thesis

- Master's Thesis

Areas of Research

- Organisational Contexts
- Job Characteristics
- Health Psychology
- Mental Health
- Perception & Attention
- Experimental Psychology
- Dynamic Systems in Psychology
- Cultural Cognition
- Work-Life Balance
- Teamwork
- Social Cognition
- Emotional Development
- Personality
- Psychometrics
- Intelligence

Intakes:
March & August

Duration:
2 Years (minimum)

Career Prospects:

- Researcher
- Analyst
- Academia / Educator
- Project Manager
- Business Consultant
- Ergonomist
- Operations Director
- Senior Manager
- Marketing Director
- Experimental Scientist
- Developmental Psychologist
- Technical Author

NURSING

102 • Diploma in Nursing

103 • Entry Requirements

Diploma in Nursing

ABOUT THE PROGRAMME

In partnership with

The nursing profession offers many employment and career opportunities. In Sunway University, we prepare our students for a diverse and rewarding profession that combines compassion with the latest healthcare technology.

Our Diploma in Nursing ensures that students acquire skills in treating, rehabilitating, counselling and educating patients, their families and the community. They work as members of the healthcare team in providing holistic care to patients. This programme ensures that Sunway University nursing graduates emerge as professionals who are capable, caring and knowledgeable when treating those in need of assistance.

The programme comprises both theory and practicum. Lectures will be conducted in Sunway University campus. Students’ learning and practice of nursing skills will be further enhanced in a Simulated Ward and a Skills Lab before going for postings at healthcare institutions. Practical experience will be attained in both private and public healthcare settings. Students will be guided by experienced nurses who have vast clinical exposure and have acquired professional skills in different specialities.

Sunway Medical Centre offers exclusive sponsorship to students to pursue nursing studies at Sunway University, whereby employment is guaranteed upon graduation.

PROGRAMME STRUCTURE - Indicative Subjects

Assessments and Examination

The theory and practical assessments will be conducted in each semester throughout the 3-year programme. Students are required to pass the Sunway University final year examination before they can sit for the Malaysian Nursing Board Registration Examination.

Year 1

- Principles & Practice of Nursing I
- Microbiology & Parasitology
- Psychology & Sociology
- Anatomy & Physiology I
- Communication, Public Relations & Medico Legal Aspects
- Principles & Practice of Nursing II
- Anatomy & Physiology II
- Pharmacology
- Surgical Nursing
- Cardiovascular Nursing

Year 2

- Basic Communication Skills for Nurses
- Haemopoietic & Oncology Nursing
- Gastrointestinal Nursing
- Gynaecology Nursing
- Communicable Disease Nursing
- Ophthalmology Nursing
- Urology Nursing
- Orthopaedic Nursing
- Obstetric Nursing
- Paediatric Nursing
- Community Health Nursing I

Year 3

- Endocrine Nursing
- Otorhinolaryngo Nursing
- Community Health Nursing II
- Neurological Nursing
- Psychiatric Nursing
- Dermatological Nursing
- Emergency & Intensive Nursing
- Gerontology Nursing
- Research
- Management
- Community Health Nursing III

Intakes:

April & July

Duration:

3 Years (full-time)

Career Prospects:

- Registered Nurse
- Industrial Nurse
- Specialised Nurse (e.g. Emergency Care, Intensive Care, Operating Theatre, Midwife, Dialysis, Eye, Paediatric & Coronary Care)
- Nursing Sister
- Clinical Instructor
- Nursing Manager
- Nursing Administrator
- Nursing Educator

Career prospects for graduate nurses are both exciting and challenging by nature. Due to the demand for nurses worldwide, many nurses are offered employment internationally (e.g. Singapore, Middle-East, USA, Australia). Nursing can be described as a portable career where one can find work anywhere in the world.

ENTRY REQUIREMENTS

DIPLOMA

	Nursing
SPM / O-Level	SPM: Pass with minimum 5 credits (including Bahasa Melayu, English, Mathematics, Biology or General Science). Candidates with pass in Biology may be considered if they obtained a credit in Chemistry or Physics. O-Level: Pass with minimum 5 credits (including English, Mathematics, Science)
UEC	Pass with minimum 5 Grade Bs (including Bahasa Melayu, English, Mathematics, Biology or General Science). Candidates with pass in Biology may be considered if they obtained a credit in Chemistry or Physics.
Other Qualifications	Any other qualifications will be considered on a case-to-case basis
Specific Requirements	All applicants are required to attend an interview and pass a medical check-up.

LANGUAGE REQUIREMENTS

DIPLOMA

International students or Malaysian students with international qualifications must possess either one of the following:

IELTS	5.5
TOEFL	515 (paper-based) 215 (computer-based) 80 (internet-based)

International students should be able to converse in Bahasa Melayu.

ADDITIONAL MOHE COMPULSORY GENERAL STUDIES SUBJECTS

DIPLOMA

For Local students:

- Malaysian Studies 2
- Moral Education / Islamic Studies
- Community Service
- Bahasa Kebangsaan A (applicable to students who did not sit for SPM or did not obtain a Credit in SPM Bahasa Melayu)

For International students:

- Malay Language for Communication 1
- Moral Education / Islamic Studies
- Community Service

American Degree Transfer Program

CENTER FOR AMERICAN EDUCATION

An American degree is recognized throughout the world as a mark of quality. It is also a passport to today's global job market. An American degree usually takes about four years to complete. Because of the high cost of an overseas education, the American Degree Transfer Program (ADTP) at Sunway University enables you to begin your undergraduate degree program at Sunway University before transferring to a university of your choice in America to complete your studies. The ADTP offers many courses equivalent to the first two years of an undergraduate degree program in the USA. Students can begin their degree in Sunway University's ADTP and then transfer, saving almost half of the cost while still obtaining the overseas exposure that many employers may be looking for.

Studying abroad gives you a real competitive edge when it comes to getting a job, helping you to truly stand out from the crowd. But it is much more than just an educational experience; the time you spend in America could well be the time of your life, as you will get to meet new people, immerse yourself in a different culture and visit places you have only dreamed of. The American education system provides a unique blend of rigorous academic study within a broad-based curriculum, designed to develop each student's talents to the fullest. Many of our faculty have worked or studied in America, so they know just what it takes and can help and support you all the way. The ADTP at Sunway University has been helping students realize their dreams for over 25 years; during that time our graduates have gone on to some of the top-ranked universities, including Cornell University; Johns Hopkins University; University of Michigan, Ann Arbor; and New York University. The ADTP strives to bring out the best in every student, through education of the highest level of excellence. We pride ourselves on student-centred learning, recognizing that each student is an individual with an individual learning style. The latest technologies are employed to create the best possible environment for learning. Although specifically designed to enable students to transfer to universities in America, some of our students decide they wish to complete their studies elsewhere, so opportunities to transfer to Canada, Europe and the UK, New Zealand and Australia are also available to our students.

Intakes:
January, March, June & August

Duration:
Students will spend approximately 12 - 24 months (full-time) in Sunway University and another 24 - 36 months (full-time) in the university they will complete their degree at in US, Canada or other locations.

**75% OF OUR

Education

ABOUT THE PROGRAM

The ADTP has been developed specifically to allow students to study the first part of their American degree at Sunway University. The program has been designed in consultation with American universities to ensure that students can transfer seamlessly to America to complete their studies. Patterned after the American undergraduate degree program, Sunway University's ADTP provides students with a mixture of major specific and general education courses, ensuring that students are well-prepared for the next phase of their studies in the USA. Alongside their academic studies, students are encouraged to take part in a range of extracurricular activities, including community service, leadership and sporting opportunities. As you move towards completion of your studies at Sunway, we will help you prepare your applications to the universities of your choice.

EDUCATION PATHWAY

University
Placement Services
for ADTP Students

American Degree Transfer Program

UNIVERSITY PLACEMENT SERVICES FOR ADTP STUDENTS

Students from the ADTP are welcome to seek advice on transfer options from the International Office University Placement (IOUP).

Students can access various facilities made available at the International Office University Placement (IOUP) by the placement staff. The IOUP library is equipped with the following:

- Credit equivalency tables
- International university brochures
- Scholarship options

Students have access to the computers in the IOUP office to access and retrieve information:

- For university search and application preparation
- From university databases
- From university presentation slides

University placement services available include assistance with:

- University application
- Visa application
- On-campus university international education fairs
- Talks by representatives and senior students from the US

Depending on the field of study or major, students who meet the required academic grades can choose their transfer institution from a wide range of universities in the US, Canada or elsewhere.

American Degree Transfer Program

TRANSFER UNIVERSITIES

A student’s choice of universities is based on many criteria such as meeting the requirements for admission into the selected institutions, the reputation of the institutions, fields of study or majors offered, geographical location, budget considerations and career prospects upon graduation. Advice, information and assistance will be available for students from staff in the International University Placement Office and the Centre for American Education. The following list and corresponding map indicate places where Sunway students have transferred to or can transfer to in the United States, Canada and some other countries. Transfer students are not limited to the institutions listed.

UNITED STATES OF AMERICA

1 Alabama

- University of South Alabama (Reg. University No. 52*)
- University of Alabama – Huntsville (National University No. 187)

2 Arizona

- Arizona State University (National University No. 129*)
- Northern Arizona University (National University Fourth Tier*)
- University of Arizona (National University No. 120*)

3 California

- California State University – Fresno (Reg. University No. 44*)
- California State University – Long Beach (Reg. University No. 32*)
- Fullerton College (Reg. University No. 37*)
- San Francisco State University (Reg. University No. 63*)
- San Jose State University (Reg. University No. 44*)
- University of San Francisco

4 Colorado

- Colorado State University (National University No. 124*)

5 Connecticut

- Eastern Connecticut University (Reg. University No. 92*)
- University of Bridgeport

6 Florida

- Eckerd College (National Liberal Arts Colleges No. 127*)

- Florida Institute of Technology (National University No. 159*)
- Full Sail University
- University of Tampa (Reg. University No. 26*)

7 Georgia

- Georgia Institute of Technology (National University No. 35*)

8 Hawaii

- Hawaii Pacific University (Reg. University No. 87*)
- University of Hawaii – Manoa (National University No. 159*)

9 Idaho

- University of Idaho (National University No. 168)

10 Illinois

- DePaul University (National University No. 121*)
- Illinois Institute of Technology – Chicago (National University No. 111*)
- Illinois State University – (National University No. 142*)
- Southern Illinois University – Carbondale (National University No. 183*)
- University of Illinois, Urbana – Champaign (National University No. 47*)

11 Indiana

- Indiana University – Bloomington (National University No. 75*)
- Indiana University Purdue University – Indianapolis (National University 194*)
- Purdue University – West Lafayette (National University No. 56*)

12 Iowa

- Drake University (Reg. University No. 1*)
- Iowa State University (National University No. 94*)
- University of Iowa (National University No. 72*)
- University of Northern Iowa (Reg. University No. 15*)

13 Kansas

- University of Kansas (National University No. 104*)
- Wichita State University (National University Fourth Tier*)

14 Kentucky

- University of Kentucky (Reg. University No. 129*)

15 Louisiana

- Louisiana State University – Baton Rouge (National University No. 124*)
- University of Louisiana – Lafayette

16 Massachusetts

- Boston University (National University No. 41*)
- Emerson College (Reg. University No. 10*)

17 Michigan

- Grand Valley State University (Regional University No. 26)
- Michigan State University (National University No. 79*)
- Michigan Technological University (National University No. 117*)
- University of Michigan – Ann Arbor (National University No. 29*)
- Western Michigan University (National University No. 179*)

18 Minnesota

- Minnesota State University – Moorhead (Reg. University No. 108*)
- St. Cloud State University (Reg. University No. 99*)
- University of Minnesota – Twin Cities (National University No. 64*)
- Winona State University (Reg. University No. 72*)

19 Mississippi

- University of Mississippi (National University No. 143*)

20 Missouri

- Truman State University (Reg. University No. 8*)
- University of Missouri – Columbia (National University No. 103)
- University of Missouri – Kansas City (National University Second Tier*)
- University of Missouri – Rolla (National University No. 94*)

21 Montana

- University of Montana (Regional University No. 5)
- Montana State University (National University No. 183*)

22 Nebraska

- Creighton University (Reg. University No. 1*)
- University of Nebraska – Lincoln (National University No. 104*)
- University of Nebraska – Omaha

23 New Hampshire

- Plymouth State University (Reg. University No. 100*)

24 New Jersey

- Rutgers, The State University of New Jersey (National University No. 64*)
- St. Peter’s University (Reg. University No. 92*)
- Stevens Institute of Technology (National University No. 86*)

25 New Mexico

- New Mexico Institute of Mining and Technology (Reg. University No. 25*)
- University of New Mexico (National University Second Tier*)

26 New York

- Cornell University (National University No. 15*)
- Pace University (National University No. 173*)

- New York Institute of Technology (Reg. University No. 41*)
- New York University (National University No. 33*)
- Rochester Institute of Technology (Reg. University North 87*)
- St. John’s University (National University No. 153*)
- State University of New York (SUNY) at Ne (National University No. 128*)
- State University of New York at Albany (National University No. 129)
- State University of New York (SUNY) at Binghamton (National University No. 86*)
- State University of New York (SUNY) at Buffalo (National University No. 120*)
- State University of New York (SUNY) at Stony Brook
- State University of New York College (SUNY) at Plattsburgh

27 North Carolina

- North Carolina State University (National University No. 111*)

Entry Requirements

ENTRY REQUIREMENTS

	ADTP (Science / Engineering)	ADTP (Arts)
	For Science, Engineering, Aviation, Computer Science, Psychology or related majors	For Business, Communication, Liberal Arts or related majors
SPM / O-Level	Pass with minimum 5 credits (including English & Mathematics or any Science subject)	Pass with minimum 5 credits (including English)
UEC	Pass with minimum 5 Grade Bs (including English & Mathematics or any Science subject)	Pass with minimum 5 Grade Bs (including English)
Other Qualifications	Any other qualification will be considered on a case-to-case basis	
English Language Requirements:		
IEP	Level 4	Level 4
Cambridge English (First)	50 and above	50 and above

POSSIBLE MAJORS WITH ADTP

The ADTP accepts students for ALL majors. It is very important for students to refer to the specific university's admission criteria, transfer requirements and application processes.

Business – A degree in business is a very practical choice, as every organization would need expertise in this area. Business graduates can plan, organize, manage, expand and envision a business. Among popular majors related to the business degree are (in alphabetical order), but not limited to:

- | | |
|-----------------------|---------------------------------------|
| • Accounting | • Hospitality |
| • Actuarial Science | • Human Resource Management |
| • Administration | • Management |
| • Aviation Management | • Marketing / International Marketing |
| • Commerce | • Sport Management |
| • Economics | • Supply Chain Management |
| • Finance | |

Computer Science – is the formal study of computation, its applications. This involves both hardware and software. Computer Science graduates are widely sought after not only for development of applications but also the usage of the application. Majors related to computer science are (in alphabetical order), but not limited to:

- | | |
|----------------------------|------------------------|
| • Game Design | • Software Engineering |
| • General Computer Science | |

Possible Majors
with ADTP

American Degree Transfer Program

POSSIBLE MAJORS WITH ADTP

- Mathematics
- Meteorology
- Natural Science
- Psychology (Sc)
- Science & Physics
- Sports Science

Engineering – is a very broad field of study which involves the application of mathematics, applied science, and knowledge to build, innovate, create, devise, and maintain various tools, structures, and solutions. Majors related to engineering are (in alphabetical order), but not limited to:

- Aeronautical / Aerospace
- Automotive
- Chemical
- Civil
- Computer
- Electrical / Electronics
- Environmental
- Industrial
- Marine
- Mechanical
- Nuclear
- Petroleum / Mining / Geological
- Small Craft
- Telecommunications

OTHER
PROGRAMMES

118 • Intensive English Programme (IEP) & IELTS Preparatory Course

ENGLISH LANGUAGE PROGRAMME

Intensive English Programme (IEP) & IELTS Preparatory Course

Intensive English Programme (IEP) & IELTS Preparatory Course

ABOUT THE PROGRAMME

Quality endorsed by

The Intensive English Programme (IEP) is a full-time course that equips students with the English Language skills necessary to undertake college or university-level programmes taught in English. Once you achieve the required proficiency level, you will be ready for one of Sunway's many academic programmes.

The programme covers both oral and written components with an emphasis on English for Academic Purposes. A systematic build-up of teaching and learning strategies enables learners to develop a sound foundation in English.

Higher-level students may choose to take a special part-time preparatory course for IELTS (International English Language Testing System). This course is designed to prepare students for the IELTS, an English Language test which meets the language entry requirement for many higher education institutions worldwide. The IELTS preparatory course involves an additional 30 hours tuition over a 10-week period.

Key features of the Programme:

- Highly qualified and caring lecturers with dynamic and learner-centred approaches.
- Individual attention and special guidance to meet learners' needs.
- Useful and varied learning activities such as reading programmes, research skills, presentation skills and project-based learning.
- A structured and reliable assessment system.
- Multimedia self-access learning to speed up progress.
- A truly international campus with students from over 90 countries.
- Optional IELTS preparatory course for higher-level students.

The programme consists of oral and written components. The oral component emphasises listening and speaking, while the written focuses on reading and writing.

Students in the programme are streamed into one of four levels, depending on their proficiency. Each level covers 200 hours of instruction over 10 weeks:

- Level 1 – Beginner
- Level 2 – Elementary
- Level 3 – Pre-Intermediate
- Level 4 – Intermediate

A placement test is administered prior to entry. Students may be placed at different levels for the oral and written components of the programme. This placement ensures that each student is able to derive maximum benefit from the programme.

At the end of the programme, students will be given a certificate of completion and a progress report that indicates their competency profile.

Intakes:

January, April, July & September

Duration:

10 weeks (200 hours) for each Level

Students who wish to take the IELTS preparatory course may take an additional 30 hours of part-time tuition upon completion of IEP Level 4.

Intensive English Programme (IEP) & IELTS Preparatory Course

ENTRY REQUIREMENTS

Completion of secondary or high school education, or equivalent.

A pre-entry test will be carried out to ensure students have the necessary skills to undertake the programme and to determine the level of entry.

STUDENT TESTIMONIALS

The Intensive English Programme (IEP) teachers are very welcoming and caring and the teaching was very enjoyable and fun, which made us want to study more and attend class every single day. The teachers will put extra effort into helping every single student and they will even listen to our personal problems and try to help us. Until now, I still communicate with my lecturers and they still treat me in the same caring and loving way. IEP was a great experience that I will never forget. The skills that I learnt from IEP helped me a lot with my Pre-University studies.

Samah Tata
Libya

The most difficult skill for me is academic listening. In order to improve this, I attend SMILE (Sunway Multi-media Interactive Language Environment) sessions to help me improve. This language lab is equipped with useful programmes, most of which are not available on the Internet. I also use Connected Speech and Sky Pronunciation to improve my pronunciation. The multimedia and the teaching are really effective.

Xuan Sang Huynh
Vietnam

As I want to study business, I need English for academic learning so as to be able to study at the University level. The Intensive English Programme has given me those skills in an enjoyable way. I am also glad there are more Specific English classes in the university. I have learnt how to learn, in a fun way and gained many international friends while studying at Sunway. I enjoy studying with students from all over the world.

Aya Onozuka
Japan

How to
Apply

HOW TO APPLY

We strongly encourage you to visit us and explore the campus. This would be the ideal approach for you to decide if Sunway is the best choice for your university education.

Known for our high academic quality, career-driven programmes, excellent facilities and staff, outstanding location and a vibrant on-campus lifestyle, the best way to decide if Sunway is the university for you is to visit our campus. Drop by our Admissions Office where our programme counsellors are available for a one-to-one discussion. Then, take a tour of the campus with one of our student ambassadors. Remember to ask them about their own Sunway experience.

For more information, simply go online, click on these links to see more of Sunway University:

-  facebook.com/SunwayUniversity
-  twitter.com/SunwayU
-  youtube.com/sunwayedu

Further information on admissions can be obtained from
<https://university.sunway.edu.my/prospective-students>

How to
Apply

SUBMITTING YOUR APPLICATION

Here are some useful information to guide you when submitting your application.

For Malaysian Students

The application form can be obtained from our Admissions Office or download the form from
<https://university.sunway.edu.my/application/malaysian.pdf>

Walk-in Application

Drop by our Admissions Office with your supporting documents and ask any of our friendly counsellors for assistance.

Application via Post

Send the completed application form along with certified true copies of your supporting documents to the Admissions Office (Do not send us your original certificates).

Online Application

Application can be submitted online at:
<https://onlineapplication.sunway.edu.my>

Important!

Supporting documents required for applications:

- Academic records (e.g. results, transcripts and certificates)
- English Language achievements (if any)
- School leaving / completion certificate
- One (1) passport-sized photograph
- One (1) certified true copy of Identity Card (MyKad)
- Enrolment Fee of RM 700 (non-refundable / non-transferable)

Note : Forecast / trial exam results may be used if application is submitted before the release of actual exam results.

Postgraduate Studies

If you are applying for a postgraduate programme, please contact the Admissions Office for full details.

Scholarships &
Financial Aid

SCHOLARSHIPS &
FINANCIAL AID

The University recognises that there are promising individuals, who have the potential to excel in their studies, but are facing financial challenges in pursuing their higher qualifications - timely assistance will be made to these deserving talents.

Sunway is committed to providing higher education to students who aspire to fulfil their potential with the availability of merit-based scholarships and bursaries.

- Jeffrey Cheah Entrance Scholarship
- Jeffrey Cheah Continuing Scholarship
- The Chancellors Scholarship of Sunway University and Lancaster University
- Sunway Excellence Scholarship
- Jeffrey Cheah Foundation Community Scholarship
- Jeffrey Cheah Foundation Scholarship
- Jeffrey Cheah Foundation-Sunway Group Scholarship
- Jeffrey Cheah Scholastic Award
- Sunway ECA Achievers and Sports Awards
- Sunway Sports Scholarship
- Sunway Music Talent Scholarship
- Sin Chew Daily Education Fund
- The Star Education Fund
- Biasiswa Sunway-Berita Harian
- Sunway University Community Bursary
- Sibling Discount

Scholarships &
Financial Aid

There are many ways of funding your way through university. Make sure you find out about bursaries, loans, grants and scholarships to which you may be entitled. If you are in need of assistance, information on scholarships and application deadlines are available at: www.sunway.edu.my/university/scholarships

Alternatively, Malaysian students can also apply for financial assistance from national bodies such as the National Higher Education Fund Corporation (Perbadanan Tabung Pendidikan Tinggi Nasional, PTPTN) and the Employees' Provident Fund (EPF).

More information can be obtained from

- www.ptptn.gov.my
- www.kwsp.gov.my

Our fees vary according to the programme you intend to study. You will be provided with detailed fee information during counselling sessions. Alternatively please write to: info@sunway.edu.my

You will be able to enquire about financial support and money management advice from our staff in the Scholarship Unit at the Student LIFE centre. Our friendly counsellors can provide guidance and information on how to adjust and familiarise yourself with university life.

Excellent
On-Campus
Residences

EXCELLENT ON-CAMPUS RESIDENCES

One of the most exciting aspects of the university experience is the opportunity to live independently. If you wish to live on-campus, Sunway University provides three types of on-campus residential apartments to suit a variety of budgets and personal preferences.

Excellent
On-Campus
Residences

**SUNWAY MONASH
RESIDENCE (SMR)**

Air-conditioned single rooms, in a residence with premium facilities and services surpassing that of private accommodation, allows you a sense of an independent lifestyle. Facilities include swimming pool, gymnasium, multi-purpose hall and a convenience store. Internet access and standard furniture such as bed, study table and wardrobe are provided.

**SUN-U
RESIDENCE**

Sun-U Residence provides twin-sharing rooms with air-conditioning. Facilities include an air-conditioned reading room with access to WIFI, an Olympic-sized swimming pool, indoor squash court, outdoor badminton court, a 24-hour convenience store, round-the-clock security, poolside cafeteria, BBQ pit and laundry services. WIFI internet access, refrigerator, water dispenser and microwave oven are provided inside the unit. Each resident is provided with a single-sized bed, mattress, study table, chair and wardrobe.

**SUN-U
APARTMENT**

For students seeking an alternative accommodation, Sun-U Apartment provides a modest but comfortable choice, with twin sharing or quad-sharing non air-conditioned rooms. Facilities include an air-conditioned reading room with access to WIFI, outdoor badminton courts, a 24-hour convenience store, round-the-clock security, a launderette (coin operated washing machine and dryers) and BBQ pit. WIFI internet access, refrigerator, water dispenser are provided inside the unit. Each resident is provided with a single-sized bed, mattress, study table, chair and wardrobe.

Being on campus grounds provides easy access to classes and any other social activities that are held within it.

Unlike many other institutions, Sunway University can provide accommodation for all new students. Alternatively, you can also choose to live off-campus. However, students who board privately need to understand that the University will not be held responsible for their well-being when off-campus.

For full information on campus accommodation, go to:
<https://university.sunway.edu.my/Sun-U-Residence>

Study
Options

**STUDY
ABROAD**

Studying overseas is a great way to immerse yourself in a completely different environment, to meet new people, experience different cultures and to see faraway places that you have only dreamed of!

Not only will the experience give you a lifetime of happy memories to bring home with you, but it will also help you to stand out from other graduates in an increasingly competitive job market.

At Sunway University, we encourage and support our students to complete part of their studies overseas through our study abroad and student exchange programmes. We partner with some of the best universities in the United Kingdom, the United States of America and Australia. Studying at Sunway University will give you an opportunity to apply to study at one or a number of highly prestigious institutions as part of your programme.

STUDY OPTIONS

Sunway University students can choose several different study options, depending on their programme and their individual preferences and financial situation.

LANCASTER UNIVERSITY, UK

Lancaster University is in the top 1% of universities worldwide and Sunway University is proud to partner with such a prestigious university. Via this partnership, Sunway University offers many dual award programmes with Lancaster University which provide opportunities for students to spend a few weeks to two years in Lancaster as part of their studies via the following programmes:

- Summer Programme (3 weeks)
- One Semester Programme*
- Transfer Programme (2 years)*

* Available options depend on academic achievement

Articulation Pathways

The University of Kent is one of the United Kingdom’s best known universities for Actuarial Science. Its BSc (Hons) in Actuarial Science is fully accredited by the UK Actuarial Profession.

Eligible students can gain exemptions up to eight Core Technical Subjects of the professional examinations of the Institute and Faculty of Actuaries. Students undertaking the BSc (Hons) in Actuarial Studies programme in Sunway University can apply to transfer to Kent after completion of 11 subjects recognised by Kent (equivalent to Year 1 of the degree programme).

* This is subjected to meeting the entry requirements and conditions set by University of Kent

UNIVERSITY OF EAST ANGLIA, UK

Students undertaking the BSc (Hons) in Actuarial Studies and BSc (Hons) Financial Economics programmes have the option to transfer to University of East Anglia upon successful completion of Year 1 of the degree programme at Sunway University.

* This is subjected to meeting the entry requirements and conditions set by University of East Anglia

BOURNEMOUTH UNIVERSITY, UK

Students undertaking the diploma and degree programmes in tourism, hospitality and events management have the option to transfer to Bournemouth University.

Upon successful completion of Year 1 and Year 2 of the degree programme or upon successful completion of the diploma programme followed by Year 2 of the degree programme at Sunway University, students can gain direct entry into Year 3 of Bournemouth University’s International Hospitality and Tourism Management and Events Management degree programmes.

* This is subjected to meeting the entry requirements and conditions set by Bournemouth University

UNIVERSITY OF CANTERBURY, NZ

Students undertaking the BSc (Hons) Business Management programme have the option to transfer to University of Canterbury upon successful completion of Year 1 of the degree programme at Sunway University.

* This is subjected to meeting the entry requirements and conditions set by University of Canterbury

AMERICAN DEGREE TRANSFER PROGRAMME (ADTP)

Students on the American Degree Transfer Programme (ADTP) at Sunway University can apply for transfer to hundreds of universities in the USA and onto certain programmes in universities in Canada, New Zealand and the United Kingdom. For more details on ADTP, please refer to p.104/115

TRANSFER PATHWAYS FOR DIPLOMA PROGRAMMES

Students pursuing the diploma programmes in Art and Design and Performing Arts at Sunway University University will have the option to transfer to one of the following universities to gain a full degree:

Diploma in Art and Design:

- Swinburne University of Technology, Australia
- University of Gloucestershire, UK

Diploma in Performing Arts:

- Deakin University, Australia
- University of Tasmania, Australia
- University of South of Wales, UK

* The list of universities is not exhaustive as Sunway University will continue to grow its list of university partners from time to time

INTERNATIONAL OFFICE

The International Office (IO) is a one-stop centre for supporting prospective and current international students.

From the initial enquiry, visa procedures, welfare, and student activities, our team of experienced staff provide guidance on:

- Programmes enquiries and admissions
- Visa and Immigration advisory assistance
- Pre-departure arrangements
- Airport Pick-Ups for new students

We are here to ensure that the education experience of every international student at Sunway is a remarkable one!

Our friendly IO team organises International Orientation Sessions to welcome, meet and greet all new international students during the introductory week. Knowing that it's probably the first time students are living away from home and from their families, the IO team is dedicated to the welfare and well-being of our international student community. Ready to provide support and advice in areas such as medical insurance, counselling student activities and more.

INTERNATIONAL OFFICE UNIVERSITY PLACEMENT (IOUP)

At International Office University Placement, our knowledgeable specialists provide university placement services and advice on studying abroad in Australia, New Zealand, UK, US, Canada and other countries. The team offers support and assistance in:

- University selection
- Visa application
- Flight and accommodation advice
- Pre-departure briefings
- Universities Info Day (study fairs) – from Australia, New Zealand, UK, US, Canada, etc.

IOUP also develops and establishes links with universities worldwide. With our extensive resource library, students are able to obtain essential information and research on overseas universities.

LIVING IN MALAYSIA

Malaysia is renowned for its charming natural diversity and rich cultural heritage. With its multi-ethnic citizens, it is a melting pot of various cultures and religions, creating a diverse and vibrant community. Today, Malaysia is a dynamic modern hub with a cosmopolitan business environment and advanced infrastructures. It is increasingly becoming one of the centres of academic excellence in the region where there are vast educational opportunities for international students.

COST OF LIVING

Many of our international students choose to reside on-campus. The rental for on-campus residences includes utilities and internet connection. Depending on the location and facilities, the rented accommodation in Malaysia ranges between RM300 for a basic room to RM3,000 per month for a fully furnished apartment. For most students, the average living (food and accommodation) expenses is estimated at RM1,500 per month. Other costs vary according to students' personal lifestyle.

International
Office

GENERAL
INFORMATION ON
STUDENT VISAS

All international students are required to have a valid Student Pass and Visa to study in Malaysia. Education Malaysia Global Services Sdn Bhd (EMGS) is the only international student visa application agency appointed by the Ministry of Higher Education for the processing of applications for international students.

Interested students are welcome to check their eligibility with the International Office. The approval for student visa application takes at least eight (8) weeks (2 months). Our IO (Recruitment) staff will guide students on preparing the documents required for the submission of applications and other admissions assistance.

ENTRY INTO
MALAYSIA

Once the students receive their student visa, they may need to obtain a Single Entry Visa (SEV) from the nearest Malaysian embassy or consulate before entering Malaysia. Certain countries are exempted from this requirement, students will be advised accordingly.

STUDENT
AMBASSADOR
PROGRAMME

Sunway International Student Ambassador (S.I.S.A)

Campus life at Sunway is a wonderful experience filled with social activities and excitement!

Students from over 90 countries across the globe come together to live, learn, and play, fostering a platform for sharing, learning, networking and exploring new ideas.

Our friendly and supportive Sunway International Student Ambassadors connect students to multicultural and social events, and friends. By helping new students adjust to a new environment, S.I.S.A. hopes to make their university experience meaningful and memorable. Activities by S.I.S.A. include:

- Welcome receptions for new international students
- Social meetings, cultural nights and campus events
- Introductory Kuala Lumpur city tours
- Cultural homestay experience trips
- Social responsibility activities, and many more

Student
LIFE

STUDENT
LIFE

At Sunway University we pride ourselves on not just catering to your academic needs, but on looking after your personal welfare too. All our students have access to a range of advice and support networks, helping them to deal with any problems that they may encounter during their time with us.

University life is about much more than your academic studies. As important as they are, it is about learning to become independent, to set your own goals and take responsibility for yourself. It is about meeting new friends, exploring new things and discovering who you are. University life can be – and for most students is – the best time of your life, but it can also be a daunting experience.

Don't worry! Our Student LIFE team is here to help and to ensure that the student experience is as fulfilling and successful as it possibly can be.

The Student LIFE team aims to help you get involved, develop new skills and overcome any problems you may have. There will be opportunities to develop leadership skills for social interaction and character building, and for serving the community.

GETTING YOU
READY
FOR EMPLOYMENT

Sunway University is focussed on producing highly employable graduates and on helping them to take the first steps on their chosen career path. Alongside their academic studies, Sunway Career Services works with students to equip them with the right tools and essential skills they need to prepare for the world of work. Working closely with employers, we create a mutually beneficial relationship which helps them match their recruitment needs and helps our students meet their career aspirations.

Our Sunway Career Services (PRePARE), is located in the Student LIFE Centre. We offer a complete career support service through the use of up-to date resources and year round activities, so that students can move towards their career goals with confidence. Through PRePARE, we offer a wide range of services and programmes, including:

- LEAP Employability Programme
- Weekly talks on soft skills and employer series
- Forums
- Career Network Events, Conference, Business Challenges
- On-campus Interviews
- Recruitment Fair
- Company Visits
- Internship Workshops, Resume Critiques, Interview Skills & Grooming Workshops
- Career Advisory Services
- LEAP Platinum Programme for Top Students
- Mentoring & Exclusive Self Skills Workshops

For more information about Career Services, simply go to the link below, or visit us at the Student LIFE Centre:
<https://university.sunway.edu.my/Career-Services>

THE STUDENT
COUNCIL

Sunway University Student Council (SUSC) is an official body that represents the Sunway University student community. We serve and act as the liaison between the students and our University management, ensuring that student voices are heard and their interests and cause are represented.

Our commitment also extends to create the best campus experience possible for the student community as serving our community remains a priority for the Student Council. We engage students through small gestures, such as simple conversations to share their views and opinions no matter how big or small they might be, or even by organising large-scale events which makes campus life much more amazing than it has ever been before

Amelia Goh
President
Student Council 2016/2017

OUR
OBJECTIVES

- To plan, organise and coordinate student related activities in furthering the educational aims of Sunway University and in tandem with the interests of the students
- To publish any information that the Council deems desirable in the declaration and promotion of its purposes from time to time
- To co-operate and affiliate with other persons and bodies in pursuit of its purposes
- To defend the right of students to a representative, autonomous and self-governing organisation
- To otherwise protect, promote and develop the interests and welfare of students
- To make representations on matters affecting students to any member or body of Sunway University, and in particular to the Vice-Chancellor, the Academic Senate, and the Board of Directors
- To be an accountable representative and democratic body for the students
